## 2014-2015 INCOME LEVELS FOR THE WELFARE EXEMPTION

The listings reflecting the various income levels of households to qualify for the Welfare Exemption are developed by the California Department of Housing and Community Development (HCD). By statute, HCD obtains certain information from the U.S. Department of Housing and Urban Development (HUD) to compile the household income levels to be used by county assessors.

## Welfare Exemption - Elderly and Handicapped Rental Housing

Revenue and Taxation Code ${ }^{1}$ section 214(f) provides that the Welfare Exemption is available for property used exclusively for housing and related facilities for elderly or handicapped families, provided that the property is owned and operated by qualifying organizations meeting all the requirements of section 214 under any of the following:

1. Care is provided such as skilled nursing or convalescent care; or services are provided to residents such as meals, transportation, and staff on premises available to assist residents.
2. The housing project is financed by the federal government pursuant to one of the following sections:

- Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q)
- Section 231 of Public Law 73-479 (12 U.S.C. Sec. 1715v)
- Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z)
- Section 811 of Public Law 101-625 (42 U.S.C. Sec. 8013)

3. The property is used for housing and related facilities for low- and moderate-income elderly or handicapped families.

If the claimant does not provide supplemental care or services and the property is not financed by the federal government, the property may qualify for the Welfare Exemption under section 214(f) only to the extent that the property is used for housing and related facilities for low- and moderate-income elderly or handicapped families. A home for the handicapped may include persons who are not elderly, such as housing for physically or mentally disabled. Nursing homes, sanitariums, etc., also may be eligible for exemption under section 214(f).

[^0]Low- and moderate-income has the same meaning as the term "persons and families of low- or moderate-income" as defined by section 50093 of the Health and Safety Code. Property which would otherwise be exempt, except that it includes some housing and related facilities for other than low- or moderate-income elderly or handicapped families, is entitled to a partial exemption. While limited partnership property may qualify for exemption as low-income housing under section $214(\mathrm{~g})$, it cannot qualify for exemption under section 214(f).

Supplemental claim form BOE-267-H, Welfare Exemption Supplemental Affidavit, Housing Elderly or Handicapped Families, provides the procedures that should be used to administer the income requirements. The claim form is to be filed on an annual basis to document the units that are eligible for the exemption. In order to be eligible for the exemption, the units must be rented within the prescribed rental levels to low- or moderate-income family households that do not exceed the maximum levels allowed.

## Welfare Exemption - Low-Income Rental Housing

Section $214(\mathrm{~g})$ provides an exemption for property owned and operated by qualifying organizations used exclusively for rental housing occupied by low-income households. Qualifying organizations include nonprofit funds, foundations, corporations, limited liability companies, and limited partnerships with an eligible managing general partner. Low-income housing owned and operated by a limited partnership that includes for-profit partners may still be eligible for the Welfare Exemption if the managing general partner is an eligible nonprofit organization or an eligible limited liability company that meets all the requirements for exemption in section 214(a) and has sufficient management authority and duties in the partnership operations.

Limited partnerships filing an exemption claim for low-income housing must certify and ensure that there is an enforceable and verifiable agreement with a public agency (regulatory agreement) or a recorded deed restriction that restricts the property for rental to low-income households. Low-income housing owned and operated by nonprofit corporations may be restricted with a regulatory agreement, deed restriction, or through the use of an other legal document. ${ }^{2}$

Under section $214(\mathrm{~g})(1)(\mathrm{C})$, nonprofit organizations using an other legal document to restrict their property are subject to an exemption cap. A single property or multiple properties for any fiscal year may not exceed $\$ 20,000$ of tax. This limitation on the exemption of $\$ 20,000$ of tax applies solely to low-income housing properties owned by nonprofit organizations that are not financed by government loans, as specified in section $214(\mathrm{~g})(1)(\mathrm{A})$, or do not receive low-income housing tax credits, as provided in section $214(\mathrm{~g})(1)(\mathrm{B})$. A limited partnership, with an eligible managing general partner, cannot claim the exemption through another legal document which restricts property usage and rent levels (section 214(g)(1)(C)).

Supplemental claim form BOE-267-L, Welfare Exemption Supplemental Affidavit, Housing-Lower-Income Households, should be used to administer the income requirements on low-income housing property owned and operated by a nonprofit corporation or an eligible

[^1]limited liability company. Supplemental claim form BOE-267-L1, Welfare Exemption Supplemental Affidavit, Low-Income Housing Property of Limited Partnership, should be used to administer the income requirements on low-income housing owned and operated by a limited partnership. The claim forms are to be filed annually to document the units eligible for the exemption. Eligible units are defined as those rented within the prescribed rental levels to low-income family households whose annual income does not exceed the maximum levels allowed. These supplemental claim forms must also be filed annually to certify that the property satisfies the requirements of section $214(\mathrm{~g})$.

Additionally, a qualifying organization claiming exemption under section $214(\mathrm{~g})(1)(\mathrm{C})$ using an other legal document must complete Part E of form BOE-267-L to provide information concerning those properties subject to the $\$ 20,000$ tax exemption. The claimants must list all the counties in which such properties are located and the dollar amount of tax exemption, up to the $\$ 20,000 \mathrm{cap}$, to be applied for each property. ${ }^{3}$

All assessors' offices must provide the State Board of Equalization (BOE) with a list of properties on which all or a portion of the $\$ 20,000$ tax exemption cap has been applied and the tax dollar amount applied to each property. The BOE will conduct a statewide match by corporate name and identification number to verify that the $\$ 20,000$ tax exemption cap has not been exceeded. The results of the matching process will be provided to those assessors' offices where the limit has been exceeded so that action can be taken to resolve the issue.

The property is entitled to an exemption of an amount equal to the percentage of the property serving low-income households. The exemption amount should be applied to the property's assessed value. Vacant units may also qualify for exemption if the units are restricted by a deed, regulatory agreement, or other legal document. These documents are required to restrict the property usage to low-income housing by expressly stating that:

The units designated for use by low-income households are continuously available to or occupied by lower income households at rents within the prescribed limits of the statutes or regulatory agreements.

Enclosed are the Moderate Income Family Household Income Limits (Attachment A) and Lower Income Family Household Income Limits (Attachment B) listings issued by HCD which are to be used for affidavits filed for the 2014-2015 claim year. The moderate income limits should be used for elderly or handicapped rental housing eligible for the Welfare Exemption under section 214(f). The lower income limits should be used for low-income rental housing eligible for the Welfare Exemption as provided in section 214(g).

The tenant income levels should be reviewed and compared to the enclosed income limits to determine the portion of the property that is eligible for the Welfare Exemption. Determination of qualifying units should be based on the use of the property on the lien date. In all cases, the exemption from property tax is available only to the extent that the household incomes of

[^2]families do not exceed the specified limits, and the rents are within the prescribed limits in the statute or regulatory agreement.

If you have questions regarding the enclosed income levels or questions concerning the exemptions described in this letter, please contact the County-Assessed Properties Division at 1-916-274-3350.

To determine income limit for households larger than 8 persons: (1) multiply the 4 -person income limit by $8 \%$; (2) multiply result by number of persons in excess of 8 ; (3) add the amount to the 8 -person income limit; and (4) round to nearest $\$ 50$.
