- a. Effective October 2, 1989, owners of certain permitted underground storage tanks containing petroleum are required to pay an annual maintenance fee.
- b. Starting in 1993, this fee is collected from the petroleum industry, the architectural coating industry, and facilities reporting releases of lead into ambient air in the state.
- c. Starting in 1991, this fee is collected from persons owning crude oil at the time that oil is received at a marine terminal by vessel; persons owning petroleum products at the time those products are received at a marine terminal by vessel from outside the state; and operators of pipelines.
- d. This fee went into effect in 1991. It is collected from persons owing petroleum products at the time those products are received at a marine terminal, operators of pipelines, and operators of refineries.
- e. Beginning January 1, 1991, the \$200 per-tank annual maintenance fee was replaced with a quarterly fee of \$0.006 for each gallon of petroleum placed in an underground storage tank. Beginning January 1, 1995, the fee increased to \$0.007 per gallon. Starting January 1, 1996, the rate increased to \$0.009 per gallon, and then to \$0.012 per gallon effective January 1, 1997. Effective January 1, 2005, the fee increased to \$0.013 per gallon. Effective January 1, 2006, the fee increased to \$0.014 per gallon. Effective January 1, 2010, the rate was increased to \$0.020 per gallon.
