

Training and Employee Development Section

Supplemental Questionnaire – AGPA/SSA Position

1. Please describe what you have done in training adult learners in the past and what types of learning tools you have used. Include what you have done to ensure that you meet the needs of the different types of learners.
2. If you were asked to handle multiple projects simultaneously that had equal importance in the success of the Training Section, how would you prioritize these. Please include how you have handled a similar situation in the past.
3. Describe a project you have completed where you had to do one or more of the following: research a variety of sources, write a formal summary, make a presentation to peers and or management, and work collaboratively with other team members.
