Dear Mr. Hirsig:

This is response to your letter of March 26, to Director Will Bush requesting a comprehensive written report from the DGS or its consultants with respect to the investigation, remediation, and clearance efforts on the 23rd floor. As your letter stated, we are nearing completion of remediation and clearance for this floor. We also share your goal of posting the requested information before the floor is re-occupied. Upon completion of the reconstruction, re-carpeting, and painting and before re-occupancy, the DGS will provide you with the comprehensive report you have requested.

Sincerely,

A handwritten signature in cursive script that reads "Doug Button".
