California State Board of Equalization

June 24, 2014

Sirs (Ladies and Gentleman):

I started my business in 2009 and started to have problems with the Board of Equalization as soon as the first return was filed. In an attempt to solve the problem I presented myself to the Van Nuys office of the Board after attempting to correct the problem and being rejected each time it was submitted I finally wrote to my representative on the board Mr. Jerome Horton (Copy of letter included Dated 17 November 2011 along with a letter dated the same day to Dario Romano Return Analysis and Allocation section).

I have been lied to ignored and other wise mistreated. I have had to make 4 or 5 trips to the Van Nuys office paying for parking each time along with the countless hours I have spent for gas and time.

This problem had a very simple solution. This was change of form which I was told did not apply to the type of business I was in.

Because of your lack of attention to the problem I feel that some form of monetary restitution should be made.

Dear Sir,

Thank you for your letter of November 15, 2011.

At this time I would like to know how it is that you "Provide excellent taxpayer service" and that you make it a "priority?"

By your own admission this problem has been going on since the second quarter 2010!

Why am I still fighting this "resolved problem" at this current time into the fourth quarter of 2011 when no resolution has been offered?

Oh yes I saw the part of your letter that claims you have a "new" form for me to use. So where has it been all this time and why was it not given to me when I first encountered the problem in the second quarter of 2010? Am I going to believe you after all of this?

I have been using "cost of tax paid purchases resold" for the last 3 quarters what makes you think that it will be any different this time? And where was this elusive form with my last filing on October 31, 2011? IT WAS NO WHERE TO BE FOUND!

By the way the statement you made to me about "At your direction the \$569.00....."

That is a complete bold face lie. I did NOT give you that direction. It was TOLD TO ME THAT is how it was done and I had no choice in the matter.

Now I am making a final request that I want to meet The Honorable Jerome E. Horton in person and that he and he alone correct the injustice that I have suffered.

Joseph Love
