Subject: **2017 Timberland Production Zone Values**
Administrative Consent Agenda – October 25, 2016

Section 434.5 of the Revenue and Taxation Code requires that, by November 30 of each year, the Board certify to county assessors the current values of lands zoned for timberland production. Section 434.5 also specifies that the values, which vary according to defined sites within three regions, be determined based on a specified formula.

On the 2017 lien date, land zoned for timberland production shall be valued per acre according to the following schedule. These 2017 values will be mailed to the county assessors after certification by the Board.

Redwood Region		Whitewood Region		Pine-Mixed Conifer Region	
Site I	\$210	Site I	\$147	Site I	\$116
Site II	\$171	Site II	\$110	Site II	\$ 83
Site III	\$147	Site III	\$ 94	Site III	\$ 62
Site IV	\$130	Site IV	\$ 68	Site IV	\$ 44
Site V	\$ 41	Site V	\$ 35	Site V	\$ 23

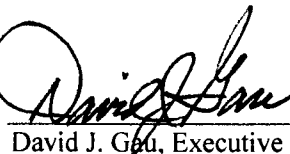

When the assessor, pursuant to Revenue and Taxation Code section 434, designates a timberland parcel or portion thereof as inoperable, such timberland parcel, or portion thereof, shall be valued as if it is Site V.

The 2017 values have increased by \$1- \$2 per acre (0.95%). Although inland prices are still somewhat depressed because of continued lower value salvage prices due to wildfire and drought conditions, the coastal Redwood market remains very strong. Attached is a detailed analysis showing the calculations made to determine these values.

This item is scheduled for Board consideration on October 25, 2016, Property Taxes Administrative Consent Calendar
