 Property and Special Taxes Department

Subject : **2012 Emergency Telephone Users Surcharge Rate**
 (October 2011 Administrative Consent Calendar)

In accordance with sections 41030, 41031, and 41032 of the Revenue and Taxation Code, the California Technology Agency (CTA) annually determines and notifies the Board of the surcharge rate estimated to produce sufficient revenue to fund the current year's statewide 911 program costs. Once the rate is fixed by the Board and published in its minutes, registered service suppliers are notified that the rate applies to charges for intrastate telephone communication services made on or after January 1.

Attached is the revised October 3, 2011 notification from the CTA's, Public Safety Communications Office. It has determined based on revenue projections for the 2011-2012 fiscal year and anticipated expenditures, the current surcharge rate of 0.50 percent should remain in effect. I recommend the Board's concurrence with the continuation of the 0.50 percent surcharge rate for calendar year 2012.

With the Executive Director's approval, this item will be placed the Board's October 2011 Administrative Consent Calendar.

SUBJECT: REVISED-EMERGENCY TELEPHONE USERS SURCHARGE RATE

Dear Ms. Kristine

As stipulated by Revenue Taxation Code Sections 41030 and 41031, the California Technology Agency shall determine no later than October 1 of each year, a surcharge rate that will produce sufficient revenues to fund the expenditures authorized in support of California's 9-1-1 program.

Based on revenue projections for the 2011-2012 Fiscal Year, the California Technology Agency, Public Safety Communications Office, is recommending the surcharge rate remain at the current level of 0.50 percent, the minimum allowed by statute.

If you require additional information, please contact Ryan Dulin, Chief, California 9-1-1 Emergency Communications Division, at (916) 657-9494.

Sincerely,

KAREN WONG, Deputy Director
Public Safety Communications Office
