BOE Visits Retailers Statewide to Check Business Permits **Retailers and Businesses Notified of SCOP Team Visits**

Sacramento – Retailers and businesses in 17 California zip code areas can expect to receive letters from the Board of Equalization (BOE) notifying them about visits from Statewide Compliance and Outreach Program (SCOP) teams. The visits are intended to educate retailers and business owners on sales and use tax reporting responsibilities, increase tax compliance, and help make the state’s tax system fair and equal for all Californians.

This month, 13,160 letters were sent to retailers and businesses in the following zip codes: Bell Gardens (90201), Walnut (91789), Valley Center (92082), Calimesa (92320), Sun City (92585 and 92586), Newport Beach (92660, 92661, and 92662), San Diego (92107), Morro Bay (93442), Nipomo (93444), San Francisco (94109 and 94133), Sunnyvale (94087), Crescent City (95531), and Smith River (95567).

Since 2008, the BOE SCOP teams have visited more than 324,000 businesses statewide to verify that retailers and businesses are registered and to make sure that noncompliant businesses do not have an unfair advantage over registered businesses that are reporting their sales and use taxes and/or fees to BOE.

Seven SCOP teams located statewide (Oakland, Sacramento, San Jose, Van Nuys, Norwalk, Irvine and Riverside) conduct door-to-door in-person visits based on zip code. They check seller’s permits at stores and other known retail and business locations. They ask only business-related questions and do not inquire about personal financial information. SCOP teams check that registered retailers, as well as service industry businesses, have appropriate permits and licenses. Businesses found to be out of compliance are given instructions on how to register with the BOE and given information about other necessary licenses.

BOE has found that only about 2 percent of businesses operating in California do so without permits or licenses that allow for collection of sales and use taxes and other taxes and fees. However, noncompliance is a contributor to the more than \$2 billion sales and use “tax gap” – the difference between the amount of taxes owed and the amount of paid.

If business owners have questions, they may contact their local [BOE SCOP Team](#) in Oakland, Sacramento, San Jose, Van Nuys, Norwalk, Irvine or Riverside, or visit the [SCOP](#) website.

The five-member California State Board of Equalization is a publicly elected tax board. The BOE collects more than \$50 billion annually in taxes and fees supporting state and local government services. It hears business tax appeals, acts as the appellate body for franchise and personal income tax appeals, and serves a significant role in the assessment and administration of property taxes. For more information on other taxes and fees in California, visit www.taxes.ca.gov.
