Taxable Sales In California (Sales & Use Tax)

During 2012

Fifty-Second Annual Report

Taxable Sales in California is a quarterly report on retail sales activity in California, as measured by transactions subject to sales and use tax. The report includes data about statewide taxable sales by type of business as well as data about taxable sales in all California cities and counties.

The following factors should be considered when using these data:

1. Total taxable transactions do not necessarily indicate the gross sales of stores dealing in taxable items. Only sales subject to sales or use tax are tabulated; excluded are sales for resale, sales of nontaxable items such as food for home consumption and prescription medicines, and taxable sales disclosed by Board audits.
2. Some businesses dealing primarily in nontaxable activities, such as services, manufacturing, contracting, or wholesaling, either sell some merchandise that is subject to sales tax or use some items that were purchased ex-tax and on which use tax must be paid. Such transactions are included in the tabulations.
3. Data are compiled by type of store but cannot be broken down by commodity.
4. Businesses are classified according to their principal line of merchandise or service.

Sales omitted because their publication would result in the disclosure of confidential information. In Table 6, these are included with "Total Outlets, Taxable Transactions".

FOOTNOTES

a/ Per capita taxable sales were derived by dividing self-assessed taxable sales by the population estimates of the State Department of Finance for July 1. The populations used were 37,570,112 for 2011 and 37,872,431 for 2012.

b/ Some permittees, by the nature of their business, are not required to allocate local sales or use tax to specific local jurisdictions. Their taxable transactions are listed under the column headed "Unallocated" in Table 2. Contractors and manufacturers generate most of the countywide unallocable transactions through construction work and making installations of manufactured products in the various counties. Unallocated taxable sales are not reported in Tables 5 and 6.

Notes concerning permits:

A sales tax permit is required for each place of business operated by all manufacturers, wholesalers, and retailers of tangible personal property except those dealing solely in nontaxable commodities. Permits are tabulated twice a year: as of January 1 and July 1.
