Elected to the Board of Equalization in 2006 and re-elected in 2010, Michelle Steel serves as *Southern California's elected taxpayer advocate*. In December 2007, Steel discovered the Board of Equalization had delayed the return of millions of dollars in security deposits owed to California businesses. Procedures were changed due to Steel's decisive leadership. Following her investigation, the tax agency refunded tax security deposits to over 5,500 small businesses. To date, over \$100 million in security deposits have been returned to taxpayers.

The five-member California State Board of Equalization (BOE) is a publicly elected tax board. The BOE collects more than \$53.7 billion annually in taxes and fees supporting state and local government services. It hears business tax appeals, acts as the appellate body for franchise and personal income tax appeals, and serves a significant role in the assessment and administration of property taxes. For more information on other taxes and fees in California, visit www.taxes.ca.gov.
