## **LEONARD ANNOUNCES VALUES SET FOR PRIVATELY-HELD PUBLIC UTILITIES IN CALIFORNIA**

Bill Leonard, Member of the California State Board of Equalization (BOE), today announced the BOE has established the unitary values of privately owned public utility companies in California at \$66.78 billion (excluding applicable penalties). In fiscal year 2005-2006, local governments will collect an estimated \$729 million in revenue based on these values.

Utility companies assessed by the BOE include railroad, telephone (long distance, local, and wireless), telegraph, gas and electric companies, and intercounty pipelines.

A unitary value includes any improvements, personal property, and land. A unitary valuation applies to properties owned or used by utility companies and considered necessary to their operation.

The BOE determines fair market value by taking into consideration current market conditions, use of property, income generated by property, replacement cost, investments in property, the regulatory climate, depreciation and other factors as of January 1 each year. State-assessed properties, unlike those that are locally assessed, are not subject to the limitations of Proposition 13 and are reappraised by the BOE annually at their market value.

The values set by the BOE are used by county governments to levy local property taxes, which help support county governments, cities, special districts and schools.

Bill Leonard, of Sacramento/Ontario, was elected to his first term as Second District Member of the State Board of Equalization in 2002. Prior to his election, he served in the State Assembly (1978-1988, 1996-2002) and in the State Senate (1988-1996).

The five-member Board of Equalization is a publicly elected tax board. The Board collects more than \$44 billion annually in taxes and fees supporting state and local government services. It also acts as the appellate body for business tax appeals, franchise and personal income tax appeals, and plays a significant role in the assessment and administration of property tax.

Other Board Members include Betty T. Yee of San Francisco, Acting Member, First District; Claude Parrish of Long Beach, Third District; Chairman John Chiang of Los Angeles, Fourth District and State Controller Steve Westly.
