CALIFORNIA USE TAX WORKSHEET INSTRUCTIONS

Section I: Verify Ownership of Your Operating Business Entity. Complete the fields with the current information for the business.

Section II: Identify Vendors Located Outside of California and Provide Total Purchases. Enter the name and location of the out-of-state seller(s) you purchased from during the three year review period. Enter the total purchases made from each seller, per year, excluding separately stated charges for shipping by common carrier or any purchases exempt from tax. For more information see publication 100, *Shipping and Delivery Charges*, and publication 61, *Sales and Use Taxes: Exemptions and Exclusions*.

Total Purchases Subject to Use Tax— Add all purchases made for each year and enter the total amount. If you did not make purchases from sellers located outside of California for any one of the years under review, enter zero for that year.

Section III: Register, File, and Pay. If you owe use tax, register as a “Qualified Purchaser” or for a Consumer Use Tax Account on our website at www.boe.ca.gov by selecting *New Registration*, and then select *Register a business activity with BOE*. When registering for an account, your start date should be January 1 to match the beginning of the three year review period. Once you have registered, you must wait one day before you can log into your account to file your return(s), make payment, or request relief from penalty. The figures you entered on the *California Use Tax Worksheet* can be used to assist you when electronically filling your return(s). For information on whether you are a “Qualified Purchaser”, please see publication 126, *Mandatory Use Tax Registration for Service Enterprises* on our website.

Enter your new account number and the total amount paid in the boxes provided.

Section IV: Sign and Return with Required Documents—Sign the *California Use Tax Worksheet*, retain a copy for your records, and return the worksheet along with the documents listed below to the Board of Equalization address indicated on the worksheet, regardless of whether or not you have determined you owe any use tax.

- A copy of the Purchase Journal/General Ledger for the past year
- A current Asset Depreciation Schedule/Asset Listing
- California Income Tax Schedule R (only provide if your business operates both inside and outside of California)

Additional Information:

Multiple Business Locations—If you have more than one business location, the tax rate may vary for each location, depending on where your purchases were first used. Determine the total purchases for each location where purchases were first used; these amounts will be entered on the District Tax page when you electronically file your return. The use tax amounts will be automatically calculated based upon location used.

Partial Exemptions—Under California’s Sales and Use Tax Law, some purchases are exempt from the state portion of the sales and use tax rate. The partial exemption applies to eligible purchases of farm equipment and machinery, diesel fuel, timber harvesting equipment, racehorse breeding stock, teleproduction and other post-production equipment, and manufacturing and research and development equipment. If you believe a partial exemption applies to your purchase, please see our website for information about the partial exemption including publication 61, *Sales and Use Taxes: Exemptions and Exclusions*.

Sales or Use Tax paid to other states—If you paid sales or use tax imposed by another state on your out-of-state purchases, you may take a credit, not to exceed the total applicable California use tax.

Use Tax paid on California Franchise Tax Board (FTB) returns—If you already paid use tax on your FTB returns, you may be asked to provide a copy of those returns. Please contact the representative listed on the front side of this worksheet for further instruction.

Due Dates—The use tax return and payment is due by April 15 of the following calendar year in which the purchases were made.

Interest—For payments made after the due date, one month's interest is due on the tax for each month or fraction of a month that payment is late. To assist you in calculating the correct amount of interest due, an interest calculator is available on the BOE website. To access the calculator go to www.boe.ca.gov and type “Interest Calculator” in the search box, or type <https://efile.boe.ca.gov/boeweb/services/interestCalculation.jsp> in the address box of your web browser. If you prefer, you may call the Customer Service Center at 1-800-400-7115.

Penalties—For payments made after the due date of the consumer tax return, a 10% penalty applies. You may request relief from the penalty through the BOE’s online services after you have registered, filed and paid the use tax in full. For more information, visit our website at www.boe.ca.gov, select *Online Services* and then select the *Relief Request* tab.
