Very informative. I appreciate the opportunity to obtain beneficial information to open and run my business.

Thank you for all the work that went into this day. It was like preventative medicine for our business to avoid many potential problems. The booths were great! Beautiful campus! Thank you!

It really helped! I don't feel as lost in the maze as I did when I began.

This is the greatest thing that anyone had done for small business that I know of . . . many thanks!
