**Subject:** RE: Assessment Appeal Form

It looks like the SBOE would like to standardize the appeal application, which I think is a great idea, but from your email, it looks like the only thing we can add is our county name. if that is indeed true, I do have some concerns about this application that I'd like to share with you:

- 1) Our county has a filing fee and our current application notes this fee in the top left corner of the application right under the title. Will we be able to add this language onto the new application? Also, we included further information about the filing fee at the beginning of the instruction page that we would like to include.
- 2) Findings of Fact: Will we be able to fill in the blanks prior to posting it?
- 3) Why was the 'Filed by' and 'Date' removed at the bottom of the second page? It looks like there is plenty of room to include it if the certification section is moved up. We currently use this section so we know who filed it and when.

At the moment, these are the only questions I have.

Thanks! Hope you have a great weekend!

Julie Dachtler, Deputy Clerk  
Yolo County Board of Supervisors
