TO COUNTY ASSESSORS:

FINAL CCPI ANNOUNCED FOR 1984-85 ROLL

In letter to county assessors 84/45 (May 18, 1984) we informed you that it appeared likely that the California Consumer Price Index for all items in urban areas would show an annual increase of 5 percent, and that you should prepare your assessment rolls using a factor of 1.02.

The Department of Industrial Relations has informed us that the April 1983 to April 1984 indicator shows an increase slightly in excess of 5 percent. This was determined by dividing the April 1984 index of 310.9 by the April 1983 index of 296.0.

Please call our Technical Services Unit at (916) 445-4982 if you have questions about the CCPI.

Sincerely,

Verne Walton, Chief
Assessment Standards Division
