Re: Environmental Fee  
Account No. \_\_\_\_\_

Dear Mr. \_\_\_\_\_

This letter is in reference to our recent correspondence and telephone conversations concerning the application of the environmental fee imposed by Health and Safety Code Section 25205.6 to the Federal Reserve Bank. As I mentioned to you over the telephone, the Board has been engaged in the lengthy process of determining the appropriate application of the various hazardous waste fees and taxes to agencies and instrumentalities of the federal government. I apologize for the delay you have experienced in awaiting our resolution of this issue.

Based on the relevant state and federal law, including the protection afforded the Federal Reserve Bank by 12 U.S.C. 531 and the three-prong test set forth in *Massachusetts v. United States* (1978) 435 U.S. 444 for distinguishing between a tax and a fee, we have determined that the environmental fee imposed by Section 25205.6 does not apply to the Federal Reserve Bank.

Please feel free to contact me if you have any further questions.

Very truly yours,

  
Janet Vining  
Tax Counsel
