

List of Alcoholic Beverages That Successfully Rebutted the Presumption of Regulation 2559 and are NOT Distilled Spirits for Taxation Purposes

Regulation 2559.3 requires the Board to publish and maintain a listing of all alcoholic beverages that have been found to have successfully rebutted the presumption set forth in Regulation 2559. Additionally, the Board is required, on a quarterly basis thereafter, to add or remove from this list.

Regulation 2559.5 provides that, for purposes of taxation only, a taxpayer will be deemed to have correctly classified an alcoholic beverage as not being a distilled spirit, as defined by Business and Professions Code section 23005, if at the time taxes are imposed, the alcoholic beverage was included on this list.

This list is organized alphabetically by manufacturer and then by product.

If you and/or the alcoholic beverage(s) you manufacture have been posted in error, or you have any questions about the list, please contact the Board at 916-708-7508.
