Notes: **Above figures reported net of BOE audit assessments, refunds and amended/late returns.**

- (1) Fiscal year reports year ending in column year. Example, FY03/04 is reported in the column for 2004.
- (2) The September 2006 and September 2007 figures have been revised to include all late or amended returns that remained unaccounted for when the September 2006 reports were prepared. This is a one time adjustment due to the material difference of a late return. In addition, the May 2006 and March 2007 figures have been revised due to incorrect postings.
- (3) The February 2008 figures include 10.7 million gallons in billed assessments.
- (4) The June 2009 figures include 18.4 million gallons in refunds.  
The July 2009 figures include 9.6 million gallons in refunds.  
The August 2009 figures include a 19.3 million gallon non-recurring credit.
- (5) The February 2010 figures include 11.3 million gallons in billed assessments.  
The March 2010 figures include 8.7 million gallons in refunds.  
The May 2010 figures include 13.2 million gallons in refunds.
- (6) The March 2011 figures include 19.5 million gallons in refunds.
