Pool Notification Threshold Notes

Note 1: The entire City falls within the Redevelopment Area. Accordingly, the city does not receive any pool distributions.

Note 2: The direct allocations to these jurisdictions are so small that the corresponding pool distributions are immaterial.

Note 3: In-Lieu Districts with factors listed in Column C, share their local tax allocations with the cities where they are located.

In order to determine the impact of pool adjustments for any of these jurisdictions, it will be necessary to calculate the impact based on the the County and State Pool percentages and then to apply the In-Lieu factor against the calculated total. In order to calculate the impact of pool adjustments for any of the cities with In-Lieu districts listed in Column C, the cities share of the impact to the In-Lieu district would have to be added to the impact that would be calculated on direct allocations to the City. See Examples below

(Threshold amounts for both the In Lieu districts with factors listed in Column C and the corresponding cities have been adjusted to take these calculations into consideration.)

Example 1: A negative Pool Adjustment to the Ventura County Pool of \$1,300,000.

Because the negative pool adjustment exceeds the County Pool Thresholds for all jurisdictions in Ventura County, It would be necessary to notify each jurisdiction in the county of the impending pool adjustment. To calculate the amount of the adjustment for the cities without In-lieus, multiply the amount of the adjustment by the County Pool Percentage.

When calculating the pool impact for the City of Fillmore and the Fillmore Redevelopment Agency, the fact that the City and the Redev. Agency share revenues must be taken into consideration. The in-lieu factor represents the portion of the revenues generated in the Redevelopment Area that are actually retained by the Redevelopment Agency while the reciprocal amount represents the portion of the revenues generated in the Redevelopment Area that is shared with the City.

Pool Notification Threshold List 2012 (based on CY 2011 data)

| Tax Area Code | Jurisdiction | In-lieu Factor | County Pool % CY 11 | County Pool % Notification Threshold | State Pool Percentage CY 11 | State Pool Notification Threshold |
|---------------|--------------|----------------|---------------------|--------------------------------------|-----------------------------|-----------------------------------|
|---------------|--------------|----------------|---------------------|--------------------------------------|-----------------------------|-----------------------------------|

To calculate the pool impact for the Fillmore Redevelopment Agency, calculate the portion of the pool loss attributable to the Redev. Agency by multiplying the pool loss by the County Pool Percentage for the Redevelopment Agency. Then multiply the result by the In-Lieu factor to determine the approximate amount of the loss that will be experienced by the Redev. Agency.

To calculate the pool impact for the City of Fillmore, multiply the amount of the pool loss attributable to the Redev. Agency by 1 minus the In-Lieu factor to determine the amount of the pool impact that will be experienced by the City due to the sharing of revenue with the Redev. Agency. Add to this amount, the pool loss that will be experienced by the City due to taxable activity within the City but outside the RDA. To calculate this amount multiply the amount of the pool loss by the County Pool factor for the City.

| | |
|---|-------------|
| County Pool Loss | \$1,300,000 |
| Multiply by County Pool Percentage - City | .1550% |
| Pool Impact for City Direct Allocation | \$2,000 |

| | |
|--|-------------|
| County Pool Loss | \$1,300,000 |
| Multiply by County Pool Percentage RDA | .7154% |
| Pool Impact for RDA | \$9,300 |

| | |
|--|---------|
| Pool Impact for RDA | \$9,300 |
| Multiply by In-Lieu Factor | .967 |
| Percentage of RDA Pool Impact not shared with the City of Fillmore | \$9,000 |

| | |
|--|---------|
| Pool Impact for RDA | \$9,300 |
| Multiply by 1-(In-Lieu Factor) | .033 |
| Percentage of RDA Pool Impact shared with the City of Fillmore | \$300 |

The approximate net impact to the Fillmore Redevelopment Agency is \$9,000

| | |
|---|---------|
| The net impact to the City of Fillmore is equal to the Amount of the Pool Impact for the City | \$2,000 |
| plus the amount of the Pool Impact for the RDA that is shared with the City | \$300 |
| For a total of | \$2,300 |
