## Table 36A Other Taxes And Fees

### HAZARDOUS SUBSTANCES TAX, INTEGRATED WASTE MANAGEMENT FEE, CALIFORNIA TIRE FEE, OCCUPATIONAL LEAD POISONING PREVENTION FEE, AND MARINE INVASIVE SPECIES FEE REVENUE, By Fiscal Year, 1981-82 to 2014-15

#### Footnotes

- a. This tax includes hazardous waste activity fees, disposal fee, environmental fee, facility fee, and generator fee.
- b. This fee is jointly administered by the BOE and the Integrated Waste Management Board, and its successor, the Department of Resources Recycling and Recovery (CalRecycle). Until October 1, 1993, the fee was known as the Solid Waste Disposal Site Cleanup and Management fees.
- c. This fee is jointly administered by the BOE and Integrated Waste Management Board, and its successor, CalRecycle.
- d. This fee is imposed on employers with 10 or more employees in industries with documented evidence of the potential for occupational lead poisoning.
- e. Effective January 1, 2000, this fee is collected from owners and operators of certain oceangoing vessels to fund programs to prevent the further introduction and spread of non-native aquatic nuisance species. Through December 31, 2003, it was known as the Ballast Water Management Fee.
- f. Effective January 1, 2007, imposition of the environmental fee was expanded to also include general partnerships, limited partnerships, limited liability partnerships, limited liability companies and sole proprietorships, as well as corporations. Until December 31, 2006, the fee applied only to corporations.
- g. Effective January 1, 2001, the tire recycling fee was replaced with the California Tire Fee and the rate increased to \$1.00 per tire from 25 cents per tire. The definition of "new" tire has been expanded to include a new tire sold with a new or used vehicle, including the spare. Effective January 1, 2005, the rate increased to \$1.75 from \$1.00 per tire.
- h. Effective January 1, 1997, the existing fee was replaced with a new fee imposed on the purchase of any new tire, regardless of whether an old tire is left for recycling.
- i. The hazardous substance (Superfund) tax was eliminated as of December 31, 1990; this was offset by an increase in disposal fees.
- j. The tire recycling fee was charged for each tire left by a customer with a retail facility.
- k. Effective August 3, 1989, the BOE collects a series of activity fees, consisting of permit/variance fees, waste classification fees, and other activity fees. The environmental fee also went into effect August 3, 1989, and is imposed on certain businesses and other organizations in industry groups that use, generate, store, or conduct activities relating to hazardous materials.
- l. The annual facility fee went into effect July 1, 1986, and is imposed upon operators of specified hazardous waste storage, treatment, and disposal facilities. The generator fee also became effective July 1, 1986, and is imposed on generators of hazardous waste who generate volumes of hazardous waste at an individual site and do not own or operate a hazardous waste facility at the same site.
- m. Administration of the hazardous waste control tax was transferred to the BOE from the Department of Health Services effective September 24, 1981. The hazardous substance (Superfund) tax became effective September 24, 1981, and was imposed on the generators of hazardous waste who dispose of it in California.
