Subject: Building Update - Covered Walkway Maintenance at 450 N Street

BUILDING UPDATE – COVERED WALKWAY MAINTENANCE AT 450 N STREET

At approximately 6:00 a.m. on Saturday, May 30, 2015, the Department of General Services (DGS) and its contractor will perform maintenance on the covered walkway surrounding the perimeter of the Board of Equalization's (BOE) Headquarters building located at 450 N Street, Sacramento, California.

The scope of work will involve welding to replace clamps currently installed at the corners of the structure. Once all work is complete, DGS and its contractors will perform an inspection to assure all work is consistent with construction standards.

The covered walkway maintenance will have no impact on BOE operations, including access to the building, or any overtime scheduled for this weekend. DGS and its contractors anticipate completion of all work on the covered walkway by 6:00 p.m. on Sunday, May 31, 2015.

We apologize for any inconvenience this may cause. Thank you for your patience and understanding.

Edna B. Murphy, MBA
Deputy Director, Administration Department
Board of Equalization
