Status: This case is stayed pending the outcome of the consolidated cases (see *Northern California Water Association, et al. v. State Water Resources Control Board*, case number S150518.) On September 8, 2011, the Attorney General's Office filed a Case Management Statement advising the Palo Verde Court that related SWRCB water rights cases were calendared for a Case Management Conference on October 21, 2011, in Sacramento. At the Case Management Conference, the judge in Sacramento granted BOE's motion to transfer this case to Sacramento to be heard, but not consolidated, with the other water rights cases. Trial was held from December 4, 2012 through December 19, 2012. The court scheduled post-trial briefing. On May 15, 2013, Defendant filed its Notice of Lodging for ERRATA to Administrative Record. Issue(s): Whether the fees paid pursuant to the Underground Storage Tank Maintenance Fee Law were erroneously paid pursuant to Regulation 1213 ([Regulation 1213. Payment of Fee by Operator](#)).

Audit/Tax Period: None

Amount: \$37,072.53

Status: The BOE signed the Notice and Acknowledgment of Receipt on August 10, 2011, accepting service of the summons and complaint in the case. On September 9, 2011, the BOE filed its demurrer challenging the legal sufficiency of the complaint on the grounds that there are no allegations of an overpayment of underground storage tank fees. On February 17, 2012, Plaintiff filed an amended complaint on February 17, 2012. BOE had until March 23, 2012, to respond to the first Amended Complaint. On August 17, 2012, Taxpayer's counsel filed a motion to be relieved as counsel of record. At the hearing on September 28, 2012, the Court tentatively ruled that Taxpayer's counsel's motion to be relieved as counsel of record be "dropped" because counsel neither served the parties with nor lodged with the Court a proposed order as required by CRC Rule 3.1362(d) and (3). The Court stated that "defective" service deprives the Court of jurisdiction to consider the matter. The Court affirmed the tentative ruling on the same day because there was no request for oral argument. The hearing on BOE's demurrer to the plaintiff's First Amended Complaint, scheduled on August 28, 2012, has been continued to October 30, 2012. On October 29, 2012, the trial court issued a tentative ruling that sustained BOE's demurrer to the plaintiff's first amended complaint. The plaintiff had not filed any opposition to the demurrer, which the court construed as an admission on the merits. Since it was the first challenge on which the court had an opportunity to rule, however, the court gave plaintiff leave to amend the complaint, which must be filed and served by November 9, 2012. The Plaintiff did not file an amended complaint and the tentative ruling became the order of the court. At the June 28, 2013 hearing to dismiss this action, the Court affirmed their previous tentative ruling granting BOE's motion to dismiss action for plaintiff's failure to timely file and serve an amended complaint following the Court's sustaining of defendant's demurrer on October 30, 2012.

Counsel for the plaintiffs had written to the Supreme Court in the Diageo case, asking to have that opinion depublished. The Court, on August 29, 2012, denied that request.
