Description of Issues:

Proposition 19 should be thrown out. It has three different topics:

1. Wildfire property tax
2. Over 55 county transfer of property tax basis
3. Parent to child exclusion

I believe it was Jerry Hill who got the third prong added to the Proposition and it was tardy, however, legislature passed an exparte law to get it on the ballot.

These need to be independently voted on on their own merits. Many people read the first two parts of the proposition and just voted for it not understanding the third part of parent to child exclusion.

This is actually a disgrace to our country and a very corrupt way to run the government to collect extra property tax monies.

---

Proposition 19 actually has three different propositions in one.

It was not put on the ballot as far as the property tax timely and I believe it was Jerry Hill got a law passed to get it on the ballot.

The first two measures were a decoy, which people believed were good and they may have not even read the part about the property tax.

It was a very sneak arbitrary blatant disregard for what our country stands for.

The whole proposition 19 should be abolished and each topic wild fire, county tax transfer, and parent to child should be placed on separate propositions.

Very truly yours,

Paul Bartke
