#16. SCA-4 I wholeheartedly request your Support and backing for this restorative Legislation. As a Senior on a fixed-income, I would not have a roof over my head today, if this provision had not been in effect when I inherited from my Grandparents, so many years ago. I do not want my only son to have to lose this generational home because he cannot afford a Market Value Assessment upon my death. Far better if he could provide a reasonable rental for much needed affordable housing, while being able to fix all the remedial needs/repairs I have not been able to afford. This house is all I have. Please Support SCA-4! Thank you, Inge Lorentzen Daumer
