Comment:

If SCA 4 is not passed, when I inherit my parents house, I will be forced to sell the house I grew up in and the house my parents have lived in since 1967. My parents worked hard and paid many years of mortgage payments and property taxes on this house. They want me to have the house, but I will not be able to pay the dramatically increased property tax and will have to sell it. I had hoped to pass it on to my son when I die so the house could stay in the family and to increase his standard of living. Unless SCA 4 passes, I will not be able to keep the house and pass the house on to my son. I whole-heartedly support SCA 4 because it will protect California families from being taxed out of the property their parents worked so hard to acquire and transfer to them. I would like to urge ALL California Senators and Assemblymembers to consider being a co-author of the amendment and to support SCA 4 by voting to pass this vital amendment!
