Bill Leonard, of Sacramento/Ontario, was re-elected as the Second District Member of the State Board of Equalization in November 2006. Prior to his election, he served in the State Assembly (1978-1988, 1996-2002) and in the State Senate (1988-1996).

The five-member Board of Equalization is a publicly elected tax board. The Board collects nearly \$53 billion annually in taxes and fees supporting state and local government services. The Board hears business tax appeals, acts as the appellate body for franchise and personal income tax appeals, and plays a significant role in the assessment and administration of property taxes.
