

December 2007 TIB

Closing Out Special Taxes and Fees Accounts

If you plan to close your business and you hold other Board of Equalization tax and/or fee accounts in addition to your seller's permit, please make sure you let the Sales and Use Tax staff know about your other accounts so they can forward the information to the respective tax and/or fee program. You may also notify the Special Taxes and Fees program staff yourself by calling the Board's Information Center at 800-400-7115 and selecting the appropriate program.

For additional information, please visit the Board's Special Taxes and Fees webpage at www.boe.ca.gov and click on the appropriate tax or fee program. Contact information is listed at the bottom of the webpage.
