

I have reviewed the draft, and found a couple of items:

Page 4, Line 26---“contributed” seems like it should state “contribute”

Page 11, Line 4---“in an Assessor’s;” seems like it should state “Assessor’s Office;”

Page 19, Line 5---“less than 24 hour.” Seems like it should state “less than 24 hours.”

The only other question I have is:

When an appraiser is seeking an advanced appraiser certification through the third method as on page 9, do the 3 years of holding a “permanent appraiser certificate” apply in this situation or is this waived due to the holding of the approved designation?

Besides these items, the draft is done very well.

Thank you,
