The California Association of Clerks and Election Officials (CACEO) supports the draft Rule 308.6, as issued September 29, 2014 in LTA 2014/047.

Our members greatly appreciate your working with them to craft a rule that accurately reflects the language contained in Revenue and Taxation Code 1622.6.

CACEO members plan to continue to participate in the rulemaking process for this rule and would appreciate your notifying us if you determine that an interested parties meeting is necessary.

Again, thank you very much, Sherrie, for your patience and cooperation.
